PRIYA SHARMA

AI/ML Engineer & Data Scientist | priya.sharma@email.com | New York, NY

PROFESSIONAL SUMMARY

Machine Learning Engineer specializing in NLP, predictive modeling, and vector search systems.
Proven track record in deploying end-to-end ML pipelines and intelligent recommendation engine

TECHNICAL SKILLS

- Programming: Python, R, SQL, Bash
- AI / Data Science: PyTorch, TensorFlow, spaCy, HuggingFace, Scikit-Learn, Pandas, NumPy
- Vector Databases: ChromaDB, Pinecone, FAISS
- Cloud & Tools: Docker, AWS, Git, MLflow, FastAPI

WORK EXPERIENCE

Machine Learning Engineer | Apex AI Corp | Mar 2021 – Present

- Built semantic matching algorithms using BERT and sentence-transformers for resume-to-job re
- Developed automated data cleaning, keyword extraction, and NER pipelines with spaCy.
- Reduced inference latency by 35% through ONNX runtime optimizations.

Data Scientist Intern | Insight Analytics | Jun 2020 – Feb 2021

- Performed EDA, feature engineering, and classification modeling on 500k+ candidate profiles.
- Automated weekly performance reporting dashboards using Python and Streamlit.

EDUCATION

M.S. in Artificial Intelligence | Columbia University | 2019 – 2021
